Hi Fabrice.

I spoke with Bianca yesterday and she informed me [REDACTED]

[REDACTED] and will be leaving OSVRSE. [REDACTED]

She

has spoken to Émilie and I will speak to my team today, but so far no others are aware.

This will leave Émilie alone in OSVRSE to handle case work and if she needs to be away from the University for any reason, OSVRSE would have to close access to cases. I will work with Émilie and the other staff in my office to relieve as much of the workload from Émilie as possible in the short term [REDACTED]

I will keep you updated with any new information as it becomes available.

We would like to acknowledge that McGill University is located on land which has long served as a site of meeting and exchange amongst Indigenous peoples, including the Haudenosaunee and Anishinaabeg nations. McGill honours, recognizes and respects these nations as the traditional stewards of the lands and waters on which we meet today.
